

NURSE ADVISOR

Are you enthusiastic, motivated and able to work independently in promoting a high standard of continence nursing care for patients in the *Anglia* Region?

As part of a larger, dedicated and experienced team of nurses you will be involved in driving to visit referred patients in their homes then assessing and fitting the most suitable products for their needs as well as building a relationship and working alongside other professionals in the NHS.

Nurse advisor experience would be of interest, but key to your success would be your ability to work independently, to communicate effectively with health professionals and your patients, whilst effectively managing your caseloads throughout the week. This is a fantastic opportunity to continue using your nursing experience whilst moving into a commercial role.

We are looking for Nurses with a minimum of 3 years post registration experience. ENB998 and 978 would be an advantage.

IF THIS POSITION IS OF INTEREST TO YOU
